## High School Board Establishes Salary Policy Based on Academic Degrees, Years of Service

Action last week by Antioch Township High School board in setting up a definite salary policy and schedule to regulate compensation of teachers at the school is regarded as a step forward by many. The move to stabilize salaries in a definite plan has been under consideration by the board for several months and its adoption is regarded as an important achievement.

Long-range planning of expenditures is considered by the board as essential to good administration of a school, and without a set pattern of salaries to teachers, planning for more than one year has been impractical. In past years an annual negotiation has taken place in setting salaries for teachers, and it is felt that when the policy goes into effect after next fall, that this will be avoided.

Fred Scott, president of the board, said that the new schedule of salaries is neither high, nor low, and that salaries compare with those paid in schools of the area. He added that the board had tried to set up a schedule which was more or less average.

In substance, the policy lists a salary of \$3400 annually for a beginning teacher holding a B. A. degree, with increases of \$200 annually during the third, fourth and fifth year of service. An increase of \$150 per year would be automatic in following years, until a total of \$4,900 would be reached after ten years of service. Teachers holding a M. A. degree will receive \$200 more annually than those with a B. A. Starting salary for M. A.'s will start at \$3600 and have a top limit of \$5250 for the twelfth year of service and after.

Other provision of the policy, which is very complete and comprehensive, take into consideration previous teaching experience in other schools, allowance for credit for military service, and other factors which will affect certain cases.

In addition to the regular scale of salaries set forth, the policy makes provision for extra compensation for duties connected with the school program, but not directly with teaching. These include coaching duties, supervision of school plays, the annual yearbook, the newspaper, and activities of like nature.

Teachers will not be placed under contract after having reached the age of sixty-five under the new set-up, and teachers who receive written contracts will return them to the board within thirty days after receiving them. A good many other provisions of the policy cover special cases, and it is explained that the board may award extra compensation for teachers on a merit basis and that the policy sets only the lower limit on salaries.

It will be several years before all teachers' salaries can be brought under the schedule.

## Schedules Announced For Music Contests At A. T. H. S. April 2

Schedules for the musical organizations contest which is expected to attract 600 high school students from eight schools to Antioch on Saturday, April 2, have been announced by Director Louis Chenette.

Judges for the instrumental selections will be D. B. Cuthbert, John Paynter, and Lt. Col. S. E. Mear, while for the choral numbers the judges will be Marvin Genuchi, George Luntz, and H. William Nordlin.

For the bands, the boys' gymnasium will be used as the warmup room, and for the choruses room No. 211 will be used.

The McHenry orchestra, only orchestra listed in Class B will play at 9 a. m. Other schedules are as follows: (Auditorium)

### BANDS

9:30 a. m.—Alden-Hebron, Class D  
10:00 a. m.—Huntley, Class D  
10:30 a. m.—Richmond-Burton, Class C

11:00 a. m.—Antioch, Class B  
11:30 a. m.—Grayslake, Class B  
1:00 p. m.—Marengo, Class B  
1:30 p. m.—Wauconda, Class B

The best in each class will go to the state contest, and Antioch will be pitted against three other schools in band. No chorus is entered by Antioch in the choral contests, which are scheduled as follows: (Girls Gymnasium)

### MIXED CHORUS

9:00 a. m.—Alden-Hebron, Class D  
9:10 a. m.—Richmond-Burton, Class C

9:20 a. m.—Wauconda, Class B  
9:30 a. m.—McHenry, Class B

9:40 a. m.—Wauconda, Class B  
9:50 a. m.—McHenry, Class B

## Drije Chevrolet, Inc. Announces Opening for March 25, 26 and 27

A grand opening of the Drije Chevrolet, Inc., whose sales room and garage are situated at 865 Main st. has been scheduled for March 25, 26, and 27.

Roger Drije, president of the new corporation, which on January 1 succeeded the Ted Keller Chevrolet Co. said that he is welcoming the public to visit the sales room on those days to see the new models of Chevrolet and Oldsmobile for which he is agent, and inspect the service and parts rooms.

Drije is the son of Ervin Drije who has been a Chevrolet dealer at Berwyn for 31 years. Roger grew up in the automobile business, starting at the bottom as worker on a used car lot and gradually working to the top. After his return from service in the coast guard in 1946, he was made vice president of his father's firm. This year he launched out in business alone.

Young Drije is not a stranger to the Antioch community. The family had a summer home at Petite lake and later at Lake Marie and Roger has been coming here each summer for 28 years. He and his wife and two sons, Gregg 5, and Roger S. aged 8 months, occupy the Lake Marie home.

In taking over the Chevrolet and Oldsmobile agencies and garage from Keller, Mr. Drije retained the same personnel as before. They are all well known local residents in whom the people have confidence.

## Council of P. T. A.'s Will Meet in Antioch on Tuesday, Mar. 29

Last Meeting of Year—Will Elect, Install Officers; Petty on Panel

A panel discussion in which county school superintendents of Lake, McHenry and Boone counties will participate is scheduled as the highlight of the meeting of the Lake County Council of Parent-Teacher associations at the Antioch Grade school at 8 p. m. Tuesday, March 29.

This will be the final meeting of the 1954-55 year of the council and there will be an election and installation of officers.

Appearing on the panel discussion will be W. C. Petty, Antioch, Lake county superintendent of schools; Supt. Charles Nihan, Belvidere, Boone county, and Richard Tazewell, Woodstock, McHenry county.

The three men are expected to discuss some of the more important problems of the schools as they affect the three counties. There probably will be opportunity for questions from the floor.

The Antioch Grade School merely is serving as host for the occasion and the program is being prepared by the officers of the council, Supt. Richard Whitacre said.

The meeting will be public.

## Grade School Bands to Compete Sat. in No. Chicago School

Antioch and Lake Villa Grade school bands will take part in the District band contest at Neal Junior High School and Central Schools in North Chicago Saturday.

Twenty-eight bands will compete for ratings and first division winners will be allowed to compete against the winners of five other Illinois districts at Peoria April 23.

Frank Laurie, music director of Dist. 64 is the contest chairman and members of the North Chicago Band Parents Association will assist him. Lunch will be served all day.

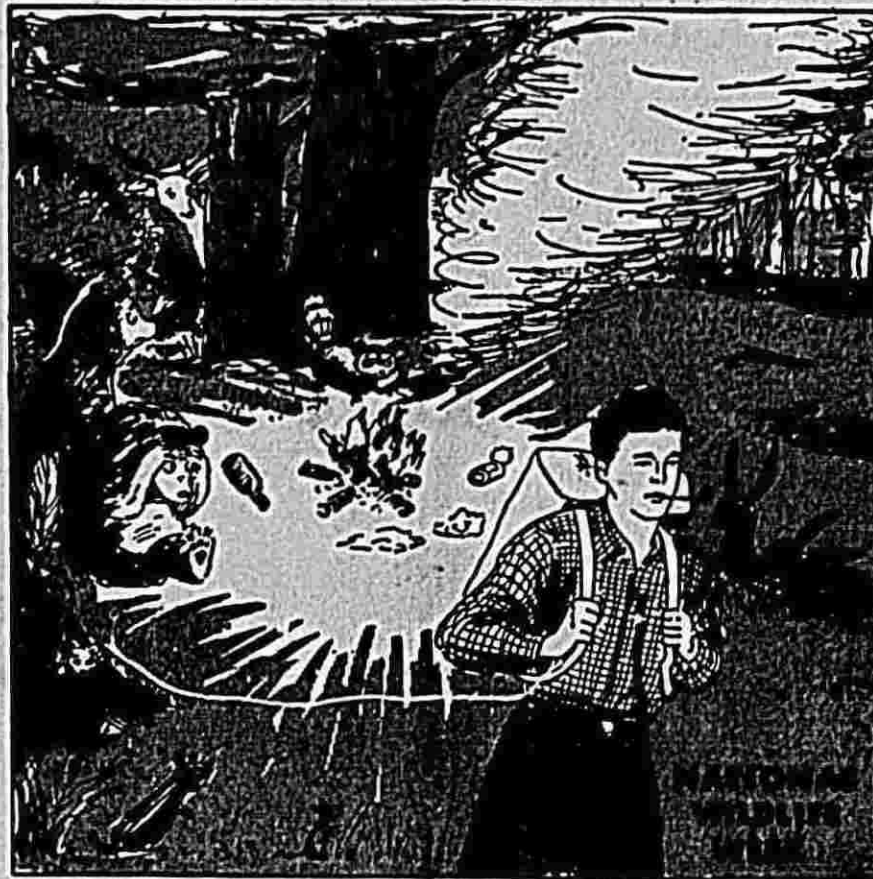

The Antioch band will play at the Central school at 10:15 a. m. and the Lake Villa band will appear directly following there at 10:40 a. m. Both are in Class D.

Other Lake county bands are Lake Zurich, Grayslake, North Chicago, Waukegan (2), Wauconda, Spaulding, Libertyville, Round Lake, and Zion.

### Aid Digestion

The Antioch Rescue squad was called to Rte. 45 near the state line Tuesday evening to give first aid to a woman, who feared a heart attack. Her ailment was diagnosed later as indigestion.

## Exit Potential Killer—Put Out the Fire!

## Deep Lake Waters Finally Yield Body of Eric P. Faust, Jr.

Funeral services were held at 10 a. m. Tuesday at St. Peter's church for Eric Peter Faust, 25, a member residing at Winnetka, whose body was recovered from the waters of Deep Lake at 7 a. m. Sunday.

Burial was in Mt. Carmel cemetery, Antioch, and Fr. Alfred J. Henderson had charge of services.

Mr. Faust drowned at Deep lake on December 1 while duck hunting. He arrived at the lake about 3 p. m., leaving his car and other belongings at the Joseph Strohl resort and making his way toward a blind in the north end of the lake in a canvas kayak.

When he failed to return at 8 p. m. a search was started. Through the aid of an airplane the boat was found in some weeds, but the body could not be seen in the shallower water. Ice soon covered the lake and prevented the body being seen.

About 6:45 a. m. Sunday four young men, David Orr and William Vorreys of Westchester, Ill., and Donald Watson and William Eddy of Maywood saw Faust's body near the beach at the east side of the lake. They notified local residents and Strohl identified it as that of Faust.

The body was taken to the Strang Funeral home where it rested until the time of the service.

Eric Peter Faust, of 955 Geen Bay rd., Winnetka, was born Dec. 7, 1929 in Milwaukee and came with his parents, Mr. and Mrs. Eric Faust, Sr. to Lake Villa in 1943, residing on the Reynolds estate.

He was graduated from Antioch Township High school in 1948 and served one year in the United States Army. The family moved to Winnetka in 1950 and Mr. Faust worked as a clerk in his father's grocery.

Surviving besides the parents are two sisters, Miss Johanna Faust of the home, and Mrs. Helen Trahan of Oak Park.

## Five Candidates for Three-Year Posts on Grade School Board

Dr. A. N. Berke Files; No Contest for One-Year Unexpired Term

With the last minute filing by Dr. Adolph N. Berke, local physician, five candidates will be placed on the Antioch Grade school ballot for the two three-year positions on the board of education. The election will be held Saturday, April 9.

The candidates are Robert Lindblad, Robert Taylor, Helen H. Kopriva, Homer White, and Dr. Berke. Positions are those of Walter I. Scott and George Hawkins, whose terms have expired and who are not seeking reelection.

Bruso, Manzano is the only candidate for the one-year term. Arthur Laursen has filled the position since the resignation of Mrs. Fern Lux Watson, who moved from the district, but he is not seeking the post again.

In the Antioch High School election the ballot will contain the names of Lester Hamlin and Elmer Rentner, incumbents, whose terms are expiring, Harold Wilson, and William Horton.

The election likewise will be held on April 9.

## Coddingtons to Enlarge Hardware Store Area

An additional storage building and more than 1,000 square feet of outside selling area on the south side of the building on Rte. 59 at Rte. 173 are future plans of the Coddington Hardware store.

From a shed and area fenced in the firm will sell shrubs and evergreens, lawn and garden furniture, barbecue equipment, outdoor living equipment and garden and lawn supplies.

## Antioch High's Student Council To Be Host To Conference Council At Dance Fri. Night

The Student Council of Antioch Township High school is serving as host school to the councils of the Northwest Conference area at a dance held in the gymnasium on Friday, March 25. Music will be furnished from 8 to 11 p. m. by Frank Laurie and his band from Round Lake. Tickets have been sold in each school to a proportion of 10 per cent of the school's enrollment.

Tickets are released first to council members, their guests, and then to members of the student body. The reports received from the various schools show that the number of dancers is expected to reach the full quota of 401 by Friday.

Antioch Student Council committees are very busy making preparations for the dance. Every council member is serving on at least one committee. The dance committee consists of Marcia Hojem, chairman, Phyllis Petersen and Marilyn Furlan.

The advertising committee working in cooperation with the decorations committee is composed of Nancy Rentner, chairman, Carol Cervinka, Joan Forbrich, Sheryl Mair and James Burke.

The program committee has Robert Cain, chairman, Joan Mair, and Janet Rogers. On their program will be featured a special talent act from each of the eight Northwest Conference schools.

The food committee consists of Ed Ring, chairman, Russell Gilday, Kathy Arndt, Karen Rentner, Bill Barnstable and Robert Ecklund.

The students are to decorate their refreshment area in keeping with the main decorations.

On the decorations committee for the gym are Garnet Seyfarth, chairman, Fred Clarke, Robert Terry, Joanne Haydon, Mitzi Wolf, Warren Brownlee, and Bill Blake.

A cloakroom will be provided for the evening. It will be set up by Ed Ring and David Cain and supervised for the evening by Fred Clarke acting as usher.

Mitzi Wolf, the treasurer of the Northwest Conference association of Student Councils, will aid Palatine in receiving the money for the sale of tickets.

Ushers provided for the evening are Marcia Hojem, Garnet Seyfarth, Robert Cain, Nancy Rentner, and Ed Ring.

Guest workers for the councils are Jill and Gail O'Haver, Patricia Willett and Arleen Rudolph at the food table. James Stonis and Robert Enis, school representatives, have complete charge of the P. A. system in both gym and auditorium.

The Antioch talent guests who are to appear as the local number on the program are Jackie Martin and Donna Reidel presenting a vocal duet accompanied by Nancy Swenson at the piano.

Special invitations to the dance have been sent to the principals and their wives in the conference area.

The conference dance is being provided for under the sponsorship of Ed Ring, the council president of Antioch and Mrs. Jeanette Tulumello, their council adviser.

## Site for Swimming Pool Will Be Subject of Special Board Meeting Tuesday Night

## 222 Attend Banquet Given by Lions Club for A.T.H.S. Athletes

Mike Haviland and Warren Brownlee Cited as Valuable Sequoit Players

The largest crowd ever to attend an Antioch Township High School athletic banquet was entertained by the Antioch Lions club at the school Monday evening.

Two hundred twenty-two persons were served at the banquet after which the hosts and guests went to the auditorium for the program.

Mike Haviland, guard, was announced as the most valuable basketball player and Warren Brownlee, quarterback as the most valuable football player on the Sequoit squads this year by Normal Jedele, president of the Lions club who displayed the trophy and said that their names would be inscribed upon it.

John W. Breen, athletic director at Lake Forest College, was the principal speaker. He stressed the importance of education along with athletic accomplishment.

"Wear your athletic letters," he insisted, "but remember that when you do, you are labeling yourself a representative of the school, and what you do in the eyes of the youngsters following you will be the pattern for them."

Also appearing on the program were William Brook, program chairman, who introduced Atty. Ted Larson, master of ceremonies. The Rev. Howard Benson gave the invocation after which President Norman Jedele welcomed the guests.

William Blake, president of the A Club gave the response.

Principal Albert Dittman introduced Miss Mary Donovan who presented the 12 cheerleaders, and Coaches Paul Kessenich, Richard Scott, Warren Polley, John Grady and Robert Lambert who introduced 114 athletes.

Also present were many of the fathers of the players, board members and other officials, village presidents, township supervisors from Antioch and Lake Villa townships, and others.

Louis Chenette, band director, was cited for the fine work of his Pep band during the athletic games. The Future Homemakers of America served as waitresses and the Girls Athletic Association had charge of decorations. Mrs. Eva Gaylord had charge of preparing the food and Mrs. Veva Buchholz, the dining room.

The attendance at last year's banquet was 176.

## Four Grass Fires Kept Firemen Busy Saturday

Four grass fires, three in a day, drew the attention of the Antioch Fire department and added to the costs of the fire district. All resulted from sparks from burning trash for which no permits were issued, it is said.

The firemen were called to the Chain of Lakes Subdivision at 2:15 p. m. Saturday, March 18, and back again there at 12:50 p. m. Saturday. Other grass fires on Saturday were at Frank Runyard's at 1:15 p. m. and at the George B. Young place on Rte. 45 at 3 p. m.

Shortly after midnight Saturday the firemen were called to Naber's dump on Tiffany rd. where fire broke out in some trash. Chief Edgar Simonsen said he thought it might have been set afire purposely.

## Woman's Club to Aid In Local Cancer Drive

Members of the Antioch Woman's club—Mrs. Joseph DeStefano, Mrs. Edward Sletten, Mrs. Irving Elms, Mrs. Norman Benson, Mrs. John Dupre, and Mrs. Robert Berg met at the home of Mrs. Louis Biel recently and discussed plans for the American Cancer Society drive in Antioch which includes preparation of letters to be mailed.

Mrs. Berg, one of the two chairmen said that the slogan of the crusade will be "Strike back at cancer—man's cruellest enemy. Give!"

Antioch's share in the Lake county goal of \$36,500 will be \$875.

### Scott Attends School

Walter I. Scott, superintendent of the village sewage treatment plant, is in Champaign, Ill., this week attending the University of Illinois school for sewage treatment plant operators.

## Dr. G. W. Jensen Is Chosen Head of Lions Committee for Pool

Antioch's drive for a community swimming pool is much forward today as a result of the first meeting of a committee appointed to accomplish the building of a pool. Appointment of the committee followed an affirmative report by the investigating committee made last week.

The new committee met in its first session at the Antioch Rescue Squad building last night (Wed.) and first action was organization of the committee. Dr. G. W. Jensen, co-chairman of the survey committee was chosen chairman, William Brook, vice chairman, and Robert Lindblad, secretary.

Members of the committee other than those named above are N. S. Jedele, H. K. Gaston, Ted Larson, K. F. Deidrick, C. R. Keulman, Ed Kugle, Homer La Plant, Dr. James Kopriva, Dan Lightsey, A. J. Scully, and Morris Pickus.

A general discussion of the problems involved in construction of a pool was followed by specific action on several matters of importance to getting under way with actual plans for the drive. Interest rate of the bonds to be sold to finance the pool was set at 4 per cent per annum, and the bonds will be issued by a not-for-profit incorporated body to be organized immediately.

Possible sites for the pool were discussed with several under consideration. It was, however, decided that if suitable arrangements could be made with the village, that the pool be built on the Village Park property, Main and Williams st. To this end, a sub-committee was appointed to meet with the village board.

A special meeting of the village board will be held Tuesday, March 29, to consider the park as a site for the pool.

A second sub-committee was appointed to contact the firm of architects who are responsible for design of the new Highland Park pool, in an effort to secure use of the plans at a nominal fee. The Highland Park pool is to be 40 by 82.5 feet, with the shallow end of the pool flaring out to provide greater area of shallow water. This size pool is considered adequate for expected patronage in the community.

### To Seek Expert Help

Other business at the meeting concerned possible engagement of Chaucer Hyatt, eminent authority of pools all over the world. Mr. Hyatt has offered to meet with the committee without obligation and steps are being taken to meet with him at the earliest date.

Dr. Jensen said that persons who have replied to the questionnaire some weeks ago will be furnished complete information as soon as plans can be worked out in detail, and that persons who wish to help with the work of providing Antioch community with a pool are very welcome.

## Dr. O. J. Baab Speaker At Methodist Service

Dr. Otto J. Baab, professor of Old Testament Literature at Garrett, a graduate Methodist seminary in Evanston, will speak at the last of the Lenten meetings 7:30 p. m. Tuesday, at the Methodist church in Antioch. His subject will be "What the Resurrection Means to Me."

Dr. Baab brings to this subject thorough training in Biblical studies and Christian theology (the interpretation of the Christian faith). He is the author of the book "The Theology of the Old Testament." He received his doctorate from the University of Chicago and after serving pastorates and teaching in Minnesota was called to the chair of Old Testament at Garrett.

For the past year Dr. Baab has been acting president of the Methodist seminary. This Lenten meeting is open to all who may be interested and a pot luck supper will be served at 6:30 p. m.

### Talent Show May 14

The all-school talent show to be presented by Antioch High School has been set for Friday, May 14. The talent comprises the best presented in competition by the four classes.

### Neighborhood G. S. Meeting

A neighborhood Girl Scout meeting for all registered adults, will be held at 9 a. m. Wednesday, March 30 at the Antioch Scout House. This is said to be an important meeting.

### Economic Highlights

There has been so much top-level news of late that some highly important developments have inevitably been obscured. In a very short space of time, for instance, such events as the Formosa situation, the fall of the Mendes-France government, the President's series of messages to Congress, and appalling disclosures about the destructive power of the H-bomb have had to compete for the headlines.

One of the developments which has been getting less general attention than it deserves is in the field of labor. For—whatever side one is on in this—it seems certain that we are about to witness an all-out drive by the unions for gains and prerogatives of an almost revolutionary nature.

In a recent column, Doris Fleeson dealt with some aspects of the pending merger of the AFL and CIO. These organizations, she wrote, "decided to pool their membership and treasuries for greater political effectiveness."

The trade unions of the United States will continue to take political action on a national scale. She added that union heads feel the White House has pretty much put them out in the cold, and that they've been getting nowhere with their programs and ideas in Congress.

This explains why the top labor leaders aren't going after the Taft-Hartley Act nearly so hard as they once did. They don't see much chance of getting any material changes made in it at present.

So they are centering their big guns on another pet hate—the right-to-work laws. These laws which have been adopted by 17 states say, in effect, that it is illegal to make membership in a union a condition of employment. In short, a man can join if he chooses or refuse to join if that is his decision, and in either case his right to work is guaranteed, a right considered by most people as basic under the United States Constitution. Union officials were jubilant when Secretary of Labor Mitchell came out in opposition to such laws. But much of the steam went out of the jubilation when it became evident that Mr. Mitchell was speaking for himself, not the Administration.

The other current union objective is the so-called 'guaranteed annual wage.' According of an editorial in Life, the "United Auto Workers have made it their No. 1 goal for 1955, have begun piling up a \$25 million strike fund to enforce it and have made open threats to strike if necessary to get it this summer when the Ford and GM contracts expire." Life goes on to analyze what the guaranteed wage involves, pointing out that it is primarily a matter of cost. "The cost," it says, "of a general GAW might be great enough to drive some marginal enterprises out of business. The end result would be to increase the growing trend toward semimonopoly by a few large enterprises. And guaranteeing one company's jobs might wipe out an equal number of jobs in less successful firms." Government officials who have studied the issue, Life adds, doubt if even so huge and rich an enterprise as GM could afford the cost of a plan which would be really effective for all workers.

It isn't likely that the labor leaders expect to get all they're demanding. But there is going to be plenty of shooting on the labor-management front before long.

\* \* \*

### Grass Roots Opinions

RED HOOK, N. Y., ADVERTISER: "A Rhinebeck woman has been arrested on a charge of refusing to yield a telephone party line in a fire emergency. . . . It is good to know that there is a law protecting the status of the telephone as an emergency weapon."

PINE BLUFF, ARK., COMMERCIAL: "It is a spiritually and soul-strengthening habit to go occasionally to the church of another faith than yours. Were this practiced more widely a greater understanding of our fellow men would be engendered."

INTERNATIONAL FALLS, MINN., DAILY JOURNAL: "The pay-your-old-way spirit which still dominates a sizeable portion of our agricultural population was dramatically demonstrated . . . when Minnesota's dairy farmers repaid an 18-year-old debt of \$20,000 to the state treasury . . . thereby demonstrating a respect for public funds that is all too rare in our times."

BROWNSVILLE, PA., TELEGRAPH: "Life is rapidly becoming more and more predictable. Economists are forever charting curves on the unemployment level for next August; insurance companies foretell life expectancy with astonishing accuracy; . . . widget manufacturers predict, with a small margin of error, how many widgets the public will buy in 1956. All this makes life more secure but less interesting, since the unexpected adds zest to the stew."

### MILLBURN

Regular services Sunday, March 27 at Millburn Congregational church will include Sunday School at 9:45 and church services at 11 o'clock. In the evening at 7:30 the Pilgrim Fellowship will sponsor a musical program. Everyone is invited.

"The ABC's of Cooking" was the project chosen by the Millburn Maidens 4H club at their reorganization meeting held at the home of their leader, Mrs. William Paulsen Friday, March 18. Any girl over 10 years of age interested in joining the group may call Elliot 6-1153. The next meeting will be held March 28, when officers will be elected.

Mr. and Mrs. Leslie Bonner attended the annual meeting of Pure Milk association held in the Conrad Hilton Hotel in Chicago Saturday.

Millburn unit of Home Bureau met at the home of Mrs. Donald Halem Friday, March 18, beginning at 11 o'clock. Mrs. Floyd Faulkner of West Warren unit gave the lesson, "Care of Outdoor Plants," in the morning, followed by the business meeting. Mrs. Emmet King read an article on Superstitions About Food. Following luncheon served by the hostess, County Home Adviser Mrs. Helen J. Volk gave an interesting lesson on "Selection of Home Accessories." The unit voted to send \$5 to the Heart fund in memory of Carl Anderson. The annual meeting of Lake County Home Bureau will be held in the First Baptist Church, Waukegan, Monday, April 25. The April meeting of the unit will be held at the home of Mrs. L. H. Messersmith at 8 o'clock Friday evening, April 15. This will be guest night and a silent auction will be held.

Mr. and Mrs. Al Baumgart of Union Grove, Wis., were supper guests of Mr. and Mrs. Oscar Nea-hous Sunday.

Mr. and Mrs. J. R. Kalvelage and four children of Dubuque, Iowa, spent the week-end with their parents, Mr. and Mrs. Carl Hughes. Mrs. Hughes accompanied them home Sunday for a few days visit.

Mrs. Anna Huff of Milwaukee is visiting her daughter, Mrs. Frank Hauser.

The Rev. and Mrs. L. H. Messersmith were guests of Mr. and Mrs. Vernon Groves at a program of the Sportsman's club held in Greenwood school, Waukegan, Monday evening.

Mrs. Curtis Wells and Mrs. Andrew Magiera were Thursday evening callers at the Savage home.

Mrs. Eva Alling of Waukegan was a caller at the Frank Edwards home Sunday evening.

There was a large crowd in attendance at the ground breaking ceremonies for the new Masonic temple held Saturday afternoon in the Millburn church, followed by a short ceremony at the site of the new building. Refreshments were served in the Masonic hall.

Arnold Lindom and Marlene Amundsen of Antioch were united in marriage in Millburn church Saturday afternoon by the Rev. L. H. Messersmith. Attendants were Mr. and Mrs. Charles Thobison of Ingleside.

Mrs. Minnetta Bonner of Rhine-lander, Wis., spent the past week with her daughter, Mrs. Lloyd Atwell and other relatives in Lake county.

Mr. and Mrs. Ed Hoffman visited their son, Richard at Michael Reese hospital in Chicago Thursday.

Paul Grant Timmerman, two months old son of Mr. and Mrs. Charles Timmerman was baptized at the church service Sunday. Mrs. John Higgins of Cedar Rapids, Ia., sister of Mrs. Timmerman acted as sponsor. Other guests at the Timmerman home for Sunday dinner were Mr. Higgins, Mr. and Mrs. Ogden Schoonmaker of Wauwatosa, Wis., and Mrs. Minnie Ambrose of Sumner, Iowa.

Rev. L. H. Messersmith and Mrs. Bert Davis attended the premier showing of the picture "A Man Called Peter," at the Oriental Theatre in Chicago Monday morning.

Mr. and Mrs. Victor Strang of Waukegan and son Lloyd Strang of New York were dinner guests at the Leslie Bonner home Wednesday evening. Lloyd, who is studying music at Columbia University, was on a tour with the New York Concert choir, and they had sung with the Chicago Symphony orchestra in Chicago, and also in Champaign, Ill., last week.

Mr. and Mrs. Clifford Weber, Mrs. Leigh Jones, Norma Welch and Chloe Diedrich attended the spring concert given by the choir at the National College of Education in Evanston Friday evening. Miss Sharon Weber took part in the concert.

Julia Hughes and Mryon Gaddie of Chicago spent the week end at the Alex Hughes home. Other callers on Sunday afternoon were Mr. and Mrs. Norman Hart of Evanston. Capt. Richard P. Martin of Western Military Academy in Alton, Ill., is spending ten days vacation with his parents, Mr. and Mrs. E. A. Martin.

Mrs. Delbert Faulkner, Sr., of Gurnee was a caller at the Savage home Saturday afternoon.

Mrs. Anna Bauman is spending this week at the home of her son, Dr. W. G. Bauman in Barrington. Mr. and Mrs. Ed Hoffman spent Monday afternoon with Mrs. John Howie in Waukegan.

Mr. and Mrs. Carl Hapke are spending three weeks with Mrs. Hapke's son, Raymond Strand and

family in Sacramento, Calif.

Mr. and Mrs. Donald Halem and son, James, spent Sunday with their parents, Mr. and Mrs. Oren Halem, and Mr. and Mrs. Henry Specht in

South Bend, Ind.

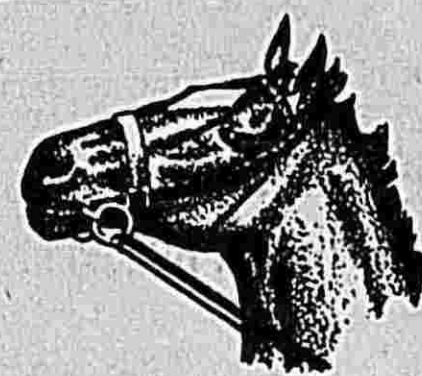

The Couples Club met at the church Tuesday evening with 30 present. The Messersmiths and Groves were in charge of games and

refreshments.

Mr. and Mrs. Leslie Diedrich and Mr. and Mrs. John Halsma visited the Museum of Science and Industry in Chicago Sunday afternoon.

ELECT

## JAMES E. RUNYARD

Commissioner of Highways  
Antioch Township

TUESDAY, APRIL 5, 1955

Qualified by 11 years experience as an  
employee of your Highway Dept.

YOUR VOTE AND SUPPORT WILL BE  
APPRECIATED

The candidate having the necessary skill to operate and maintain all township equipment  
**LIFELONG RESIDENT**

The candidate without business interests . . . therefore I will be able to devote full time to  
the efficient administration of the office.

**HICKORY**

Mr. and Mrs. Harold Wells and two children from Hales Corners, Wis., visited the Gordon Wells family Sunday afternoon.

Mr. and Mrs. Richard Wells entertained her parents, Mr. and Mrs. Carl Zello from Milwaukee for dinner on Sunday. Also her brothers, Mr. and Mrs. Ben Zello and children and Mr. and Mrs. Sam Zello and children, all from Milwaukee.

Mrs. Bert Edwards was pleasantly surprised on her birthday March 18th by a telephone call from her son, Harold, from Columbus, Mo., announcing the arrival of a 9 lb. boy on that date. The new baby has a brother and two sisters. Mr. and Mrs. Bert Edwards now have nine grandsons and three granddaughters.

Mr. and Mrs. Wm. Hallada and daughter Harriet from Port Washington, Wis., and their son, Vaughn from Delavan spent Saturday afternoon and Sunday at the H. A. Tillotson home. They held a belated celebration of Mrs. Tillotson's birthday on Friday, March 18.

Mr. and Mrs. Kenneth McNeal left recently on a 10 days business trip to Sandusky, Ohio.

Mr. and Mrs. Rollo Christoffersen from Milwaukee visited the Bert Edwards family on Sunday.

Little Miss Sylvia King, the second daughter of Mr. and Mrs. Wilson King had her tonsils and adenoids removed at the Dr. Ashley clinic in Kenosha last Thursday morning. She returned home that evening.

Mr. and Mrs. Charlie Cashmore of Wadsworth visited Mr. and Mrs. Fred Leable Wednesday afternoon.

The school children had a vacation on Friday because of the Teachers Institute in Zion.

Judy Dettmering spent the week end with relatives in East Troy, Wis.

Mrs. Dorothy Van Patten and John and Judy spent Friday in Kenosha.

# SOCIETY EVENTS

## Woman's Club Hears Hulse on Delinquency; Awards 2 Scholarships

The home, school, church and community are the lines of defense in combatting juvenile delinquency according to Judge Minard E. Hulse who addressed the Antioch Woman's Club Monday afternoon.

No single thing will solve the problems of juvenile delinquency he said as he cited the New York Youth Commission Bill of Rights which lists 11 points headed by the right to affection and intelligence of understanding parents.

Illinois was the first state, he said, to establish juvenile courts as the result of legislation passed in 1899. The courts which handle cases of boys under 17 and girls under 18 have a philosophy of finding the cause of the misdeed. Only 2 per cent of the youth come in contact with the law.

Judge Hulse was introduced by Mrs. M. M. Stillson, education chairman of the club.

In the business meeting that followed Mrs. Earl Hays, music chairman, announced that the club is awarding scholarships to Lenore McCord and Bob Cain, juniors which entitle them to a week at a summer music camp on the campus of Eastern Illinois State College at Charleston.

## Style Show and Films To Feature Meeting of Altar-Rosary Society

The Altar and Rosary Society of St. Peter's church in Antioch will have an open meeting Monday evening in the church hall.

It will be a double feature event as MariAnne's will present a spring style show between the showing of some films. The films are all shorts; no serials or full length dramas.

Delta-C and S Air Lines are sending the "Magic of Nassau," Standard Oil Co. of Indiana is sending "Midwest Holiday," and a third film is "Warner Brothers Foundation Garmet."

Mrs. Thomas Pechousek is chairman for the evening and will be assisted by Mrs. Richard Huml, Mrs. Peter Freund, and Mrs. E. B. LaPlante.

This meeting will take the place of the regular meeting. There are quite a few new members and they and the "old timers" are asked to bring guests.

## METHODISTS TO ATTEND CAMP FINANCING MEETING

The Rev. Howard C. Benson, accompanied by Louis Horton, lay leader of the Methodist church, William Cain, member, and Robert Cain and Carol Hansen of the Methodist Youth Fellowship, will go to Libertyville Monday evening to attend a district meeting on financing the purchase of Camp Eleanore at Lake Geneva, Wis.

The Rock River Conference has agreed to purchase the property from a professional women's group for use as the camping place of MYF groups during the summer. The young people have been meeting at Conference Point and other places at Lake Geneva, but have long wanted a place of their own.

Camp Eleanore is west of College Camp on the north side of the lake and has a good lake front. It was purchased for \$200,000 and the cost probably will be proportioned among the churches in the conference.

Dist. Supt. Ray Bond will conduct the Monday night meeting and place churches in the district the plan for before the representatives of the financing the purchase.

## Auxiliary News

### Help Assemble Poppies

Several members of Antioch Unit American Legion Auxiliary, went to Downey last Thursday to help assemble poppies for the Poppy Day sale in May. Those helping with this work were Dorothy Horan, Pearl Anderson, Mary Ellis, Addie Horton, Evelyn Sedivec and Del Jahneke.

### Honor Post With Party

At the regular meeting of Antioch Unit on Friday, March 5, the Unit will honor Antioch Post, American Legion, with a pot luck dinner and party in observance of the 36th birthday anniversary of the American Legion, which was organized in Paris, France in 1919.

Mrs. Agnes Hills is chairman of the dinner, which will be served at 6:45 p. m. Mrs. Del Jahneke is in charge of entertainment and has planned a White Elephant auction as a part of the program. Each auxiliary member will bring a wrapped white elephant package for the sale.

## MOLLIE SOMERVILLE CELEBRATES 81ST BIRTHDAY ANNIVERSARY

Mrs. Mollie Somerville celebrated her eighty-first birthday anniversary recently at the home of her son and wife, Mr. and Mrs. Earl Somerville in Chicago. Sixteen guests were present including her brother, B. Bernbaum of Cleveland, Ohio, and her niece and husband Mr. and Mrs. Walter Hess of Elyria, Ohio.

## Engagement Is Announced

Mr. and Mrs. Lad Kubovy, Berwyn and summer residents of Loon Lake, announce the engagement of their daughter, Jean Ellen, to Donald T. Masopust, son of Mr. and Mrs. George Masopust, Antioch. No wedding date has been set. Photo Courtesy Waukegan News-Sun

## Two Wilmot Graduates In University Choir Giving Concert Friday

The University of Wisconsin A Cappella choir directed by Prof. J. Russell Paxton will give a concert in Wilmot High school, Wilmot, Wis., at 8 p. m. Friday, March 25, under the sponsorship of the High School music department and the Extension Division Bureau of Lectures and Concerts.

The choir, which has 60 members enrolled this year, was formed in 1944 as the successor of the Choral Guild of the School of Music and the Varsity Vesper Singers, a State Station WHA singing group. Although it is the youngest of the campus choral groups, it has built up a reputation on the campus and around the state for excellent performance of even the most difficult arrangements.

The 60 young voices which this year blend so harmoniously represent more than a score of Wisconsin communities and seven other states. The group includes 14 seniors, 18 juniors, 17 sophomores, and 11 freshmen. Although 30 members are music majors, the choir includes majors in most fields from Accounting to Pre-medicine.

Don Weiss, teaching assistant in the School of Music, is assistant director of the Choir, and his wife, Ann Calhoun Weiss, is piano accompanist.

Two members of the choir, James Kraemer of Silver Lake and Jean Payton, Bristol are graduates of Wilmot High school.

Mrs. Letha Schumacher and two sons Gerald and Ralph left recently for Gamaliel, Ark., where they plan to make their future home. Mrs. Schumacher will be employed as cook at Fisherman's Lodge, an exclusive fishing resort located at Norfolk Lake.

## CHARLES BOCK PLEDGED TO SIGMA GAMMA EPSILON

Charles Bock of 426 Lake st., Antioch, a sophomore, was one of nine students at Miami University, Oxford, Ohio, to be pledged this month to Sigma Gamma Epsilon, geology recognition society.

Supt. Richard Whitacre of the Antioch Grade school went to St. Therese hospital in Waukegan last evening for what acquaintances said is a check-up. He has been ill for several days.

## MRS. NODDEN HOSTESS TO HOME BUREAU UNIT

The Antioch Home Bureau unit received instruction on the selection of home accessories from Home Adviser Mrs. Helen Volk at the home of Mrs. David Nodden yesterday. Mrs. Nodden's furniture and accessories were used in the demonstration.

Mrs. Eugene McDougall, Mrs. Robert Hess and Mrs. William Fry were co-hostesses. Twenty-seven members were present. There were two guests and one new member.

A local leaders' lesson meeting will be held in the Methodist church at Libertyville April 5 on the subject, "Polio."

## Paul J. Schulz, 65, Dies in Chicago

Paul J. Schulz, 65, a summer resident of Channel Lake, Fair Oaks subdivision, passed away at his Chicago home on March 14 of a heart attack. Funeral services were held in Chicago March 17. Mr. Schulz had been a summer resident at Channel Lake for the past twelve years.

### Millburn Masons Start New Temple Following Groundbreaking Sat.

Construction of the new Masonic temple at Millburn was started Saturday following a ground-breaking ceremony held at the nearby Congregational church.

Two hundred and fifty persons attended the meeting at which Dr. Thomas E. Pender of Waukegan was speaker and Assistant States Atty. Charles E. Mason was master of ceremonies. Miss Sue Weber sang "The Lord Is My Shepherd," and "Bless This House." Prayers were offered by the Rev. L. H. Messersmith, pastor of the church. The site of the new temple is just south of the present Masonic building.

The Millburn lodge is one of the oldest in Illinois and the third in Lake county. It recently observed its 100th anniversary.

Phil W. Anderson, past master of the lodge, was one of the men who originally advanced the idea of the new temple. Only two members of the original building committee are

alive. They are Anderson, and B. J. Hooper of Lake Villa. Anderson and Allan H. Johnson, master of the lodge, did the ground breaking.

### Dr. Claiborne Johnson To Address Lakeland Baptists on Saturday

The Lakeland Baptist Church will hear Dr. Claiborne Johnson, pastor of the First Baptist Church of Waukegan, Saturday evening at a potluck supper. The event is sponsored by the adult "Builders' Class" of the church. The president of the class, L. D. Hansen, Deep Lake road, announces that a splendid program has been planned for the occasion.

The church recently purchased fifty new folding chairs to accommodate the Sunday morning congregations. This indicates the remarkable growth of the church during the winter months, according to Mr. Donald Neuman, a church official. Plans for further expansion are being formed and will be considered at the annual business meeting of the church to be held April 30.

The minister, Rev. John M. Barbee, spoke last Sunday on "Feasting and Fasting During Lent." He suggested that Christians fast (deny themselves) such negative habits as gossip, bad tempers, excessive self-defense, while they feast such positive habits as increased attention to daily devotions, church loyalty, God's will for the personal life, and an outgoing concern for neighbors. The minister suggested a daily "boy-scout" good deed for others as an expression for the last item.

All Baptists in the area are cordially invited to attend Lakeland worship services at 11 a. m. Temporary location of the Lakeland church is in the gymnasium of the Central Baptist Children's Home, Lake Villa.

### Methodists Buy Laursen Residence for Parsonage

The Antioch Methodist church has purchased the Arthur Laursen residence at 786 Parkway ave. and will get possession on May 1. The Laursens plan to build a new home

on Ida ave. The church recently sold its parsonage on Lake st. to Ray Toft for future use as a Shell Oil station. The Methodists will do some remodeling on the new residence before the Rev. and Mrs. Howard Benson occupy it.

### To Take Test Census

A test census to determine the probable population of Antioch will be taken by the fire department in an effort to ascertain whether the village will be justified in asking a special interim enumeration by

the government.

Whether the new census is desirable will be determined on the population increase and the resultant increase in motor fuel tax money that will more than offset the expenditure.

## Buying any one of these in 1955?

## Our New Installation Plan will save 615,000 Northern Illinois families important money—

### Now it's easier to own the appliances you've always wanted

Are you one of our 615,000 Northern Illinois area customers who live in a 1, 2, or 3-family building with 120-volt (2-wire) service? If you are, this new installation plan of ours can save you some mighty important money on the installation of any one of the appliances shown above... and give you the modernized wiring you need today.

This installation includes bringing a modern 240-volt (3-wire) line to the main fusebox inside your home plus the interior wiring to wherever you want the appliance located.

### Our New Installation Plan Available at All Dealers

Our new installation plan not only helps you, but your dealer as well. All your dealer has to do is call us once—we do the rest. We arrange a convenient installation date with you... line up an electrical contractor... see that the job's done right and, if you prefer easy payments on your share of the wiring, we'll take care of that, too.

What this modernized wiring means to you now and in the future. Besides saving you important money on installation, our new plan improves your

entire home's electric service, too. Right away you'll notice a bigger, sharper TV picture, brighter lights, faster toast. In fact, every appliance you now own will work better. And with your new 240-volt capacity, your home's ready for other appliances you'll want in the future. So, if you've been wanting an electric dryer, range, water heater, or air conditioner—buy it now. You'll be getting a bigger bargain than ever before!

### What our New Appliance Installation Plan offers

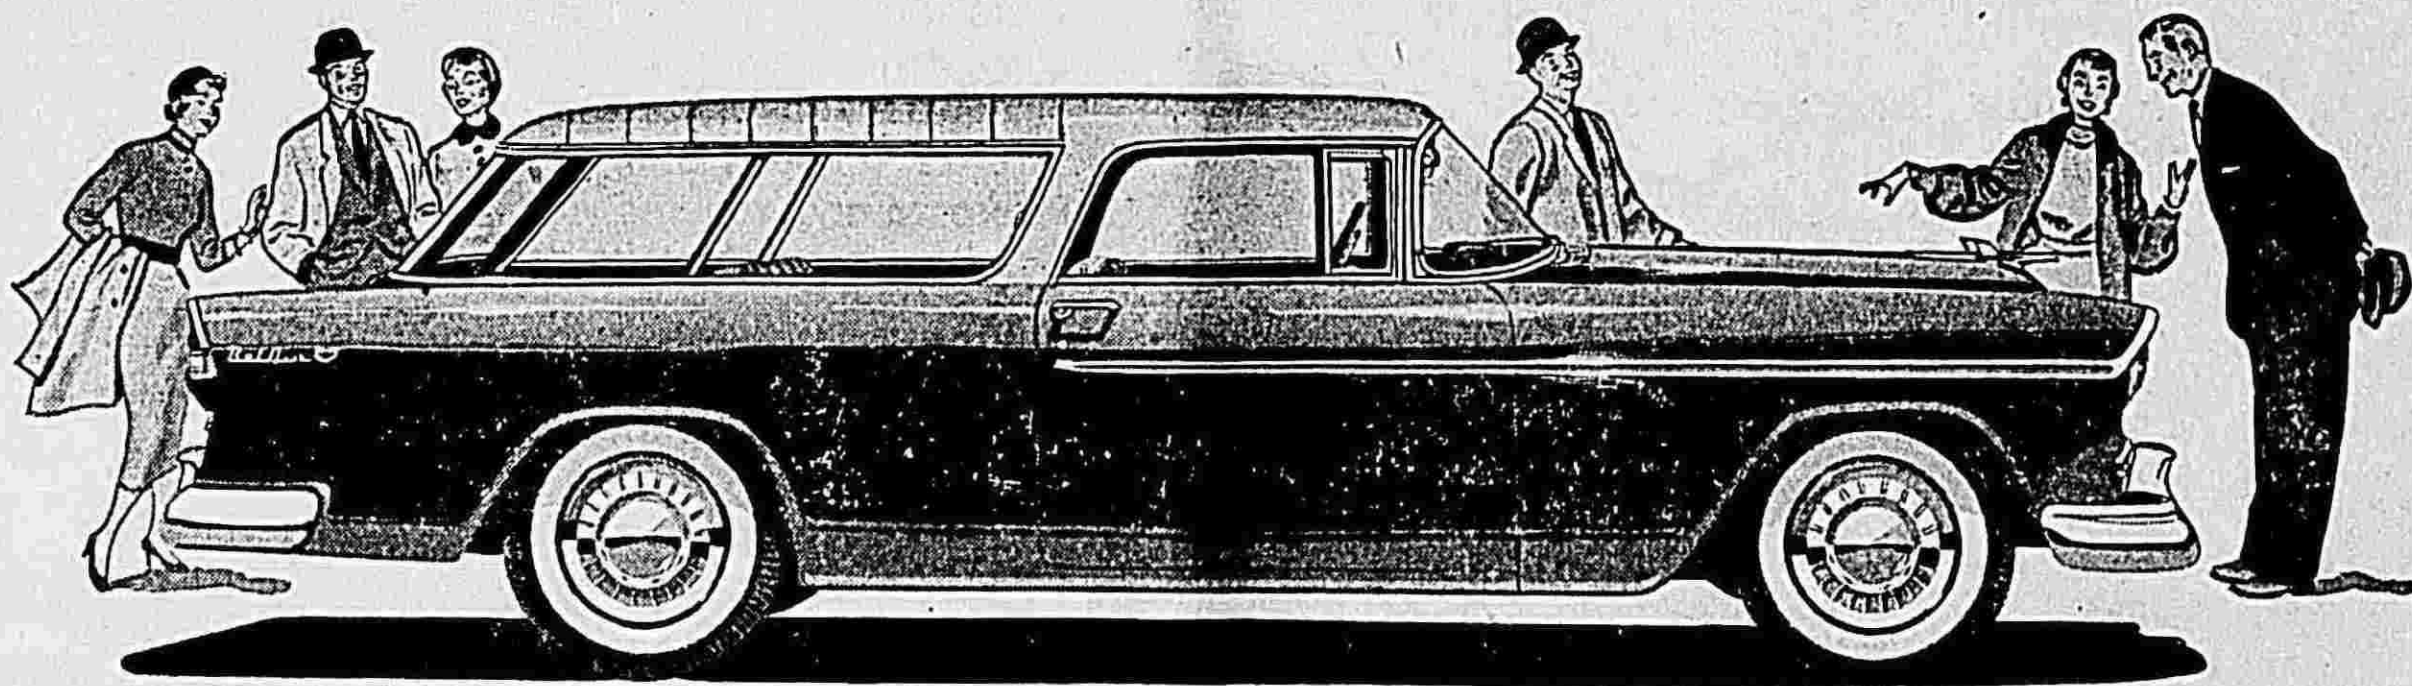

to customers who live in a 1, 2, or 3-family building with 120-volt (2-wire) service:

- 1—YOU CAN SAVE IMPORTANT MONEY with the installation of any of these appliances: electric dryer, range, water heater, air conditioner.
- 2—YOUR PRESENT APPLIANCES WORK BETTER once you have new, heavy-duty 240-volt wiring in your home.
- 3—YOU'RE ALL SET FOR THE FUTURE—you can add wiring for the electrical appliances you'll want in the years ahead quickly and cheaply.

For full details, visit any appliance dealer or our stores now

# LEGAL NOTICE

## COUNTY ZONING NOTICE

### STATE OF ILLINOIS )

### COUNTY OF LAKE ) ss.

### TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Town of Lake Villa, Lake County, Illinois, that a public hearing will be held on April 13, 1955, at 1:30 P. M., in the Village Hall, Lake Villa, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, or to reclassify from the R-4 Residential District, to the F-Farming District, the following described real estate, to-wit:

A tract of land situated in the E 1/2 of Government Lot 1 of the NW 1/4 of Section 2, Township 45 North, Range 10 East of the 3rd P. M. in Lake County, Illinois, described as follows: Commencing at the point of intersection of the East line of the NW 1/4 aforesaid with the center line of Grand Avenue as it exists on February 22, 1955; thence Northwesterly, along the said center line as it now exists, 411.43 ft. to a point on the said center line which is the place of beginning; thence Southwesterly, along a line making a deflection angle to the left from the last described line at the place of beginning of 65 degrees 30 minutes,

a distance of 302.0 ft. to a point; thence Southerly, along a line deflecting to the left from the last described line at the last described point 72 degrees 27 minutes 30 seconds a distance of 309.9 ft. to a point; thence Easterly, along a line deflecting to the left from the last described line at the last described point 83 degrees 04 minutes 30 seconds a distance of 55.0 feet to a point; thence Northeasterly, a distance of 503.78 feet, more or less, to a point on the center line of Grand Avenue as it now exists which is 137.3 ft. Southeasterly from the place of beginning; thence Northwesterly, along the center line of Grand Avenue as it now exists, 137.3 feet to the place of beginning in Lake County, Illinois.

As the result of the petition of MICHAEL WALLSECK AND HELEN WALLSECK, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

LAKE COUNTY ZONING BOARD OF APPEALS

EARL H. KANE, Chairman  
Dated at Waukegan, Illinois, this 24th day of March, 1955.

# COUNTY ZONING NOTICE

## STATE OF ILLINOIS )

## COUNTY OF LAKE ) ss.

## TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Town of Lake Villa, Lake County, Illinois, that a public hearing will be held on April 13, 1955, at 2:30 P. M., in the Village Hall, Lake Villa, Illinois, relative to a proposal to request of the County Board of Supervisors, the issuance of a special permit as provided in Section 19, Paragraph G, of the Lake County Zoning Ordinance, said permit to allow for the installation, operation and maintenance of a nursing home for aged persons, on the following described real estate, to-wit:

A tract of land situated in the E 1/2 of Government Lot 1 of the NW 1/4 of Section 2, Township 45 North, Range 10 East of the 3rd P. M. in Lake County, Illinois, described as follows: Commencing at the point of intersection of the East line of the NW 1/4 aforesaid with the center line of Grand Avenue as it exists on February 22, 1955; thence Northwesterly, along the said center line as it now exists, 411.43 ft. to a point on the said center line which is the place of beginning; thence Southwesterly, along a line making a deflection angle to the left from the last described line at the place of

beginning of 65 degrees 30 minutes, a distance of 302.0 ft. to a point; thence Southerly, along a line deflecting to the left from the last described line at the last described point 72 degrees 27 minutes 30 seconds a distance of 309.9 ft. to a point; thence Easterly, along a line deflecting to the left from the last described line at the last described point 83 degrees 04 minutes 30 seconds a distance of 55.0 ft. to a point; thence Northeasterly, a distance of 503.78 feet, more or less, to a point on the center line of Grand Avenue as it now exists which is 137.3 ft. Southeasterly from the place of beginning; thence Northwesterly, along the center line of Grand Avenue as it now exists, 137.3 ft. to the place of beginning in Lake County, Illinois.

As a result of the petition of MICHAEL WALLSECK AND HELEN WALLSECK, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

# New Chevrolet Task-Force Trucks!

*It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!*

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

**New styling in trucks**  
Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treatments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be an advertisement.

on-wheels for you and your business!

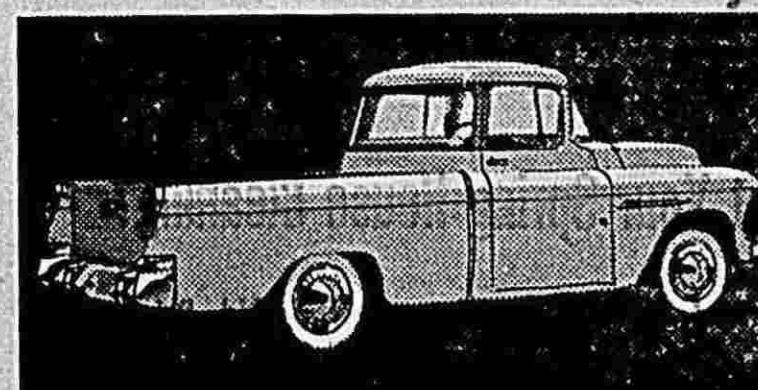

**A new outlook for the driver**  
Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel offers maximum convenience!

**Six new "high-voltage" engines**  
With a new 12-volt electrical system for

quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

**And much more that's new**  
Like the smoother, load-steady ride... new High-Level ventilation... tubeless tires, standard on 1/2-ton models... Power Brakes\* for all models, standard in 2-ton models... new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive\* and Hydra-Matic\*. New Power Steering\* for all models. Come in and see the newest things in trucks!

\*Optional at extra cost. Overdrive available on 1/2-ton models, Hydra-Matic on 1/2-, 3/4- and 1-ton models.

## New Cameo Carrier

Here's a truck like no other truck you've ever seen! It's the "flagship" of the handsome new Chevrolet truck fleet... the first truly beautiful truck ever built. Come in and let us tell you more about this dramatic departure in truck design!

## Panama Is Land Of Much Variety, Vivid Contrasts

WASHINGTON—Panama, the country shaken by the assassination of its President, is a land of variety and contrast.

Culturally Latin, the 29,140-square mile country is called the bridge of the world, bestriding a narrow S-shaped isthmus that connects North and Central America with South America. The 10-mile-wide Panama Canal Zone divides the republic itself into two parts.

Spanish is the official language and architecture, dress and customs bear colorful witness to the nation's Hispanic past.

The Panama Canal Zone covers a 552-square mile strip under perpetual lease to the United States. It is North American in character. The United States acts as employer, landlord, doctor, butcher, baker, hotel-keeper, recreational director and laundryman.

Panama stands as the youngest American republic—some of its territory is unexplored. Yet it was the site of the first Spanish colony on the mainland of the New World.

In 1502, Columbus explored the Caribbean coast of Panama and established a colony at Portobelo. Spain maintained jurisdiction until 1821, when Panama became a part of the independent Gran Colombia federation. The little nation did not gain full independence until 1903.

## Survey Indicates Men Weakest Sex

CHICAGO—Here we go again, men.

A nationwide survey released recently shows that more men are hospitalized than women, so who's the weaker sex?

This is true despite the fact that one-sixth of all persons admitted to hospitals in one year were pregnant women.

A survey by the Bureau of Medical Economic Research showed that on one day in 1953 there were 1,206,592 persons in 6,539 of the nation's 6,840 registered hospitals. This included 642,156 men and 564,428 women—or 77,720 more men than women.

And, fellows, Frank G. Dickinson, director of the bureau, says the higher hospitalization rates of males "strongly implies that they are the sicker and more hospitalized sex." However, the survey gave no definite reason for the excess.

A breakdown of the totals showed that even in the child-bearing years of life, between 15 and 44, men exceeded women in hospitals by 13,000. At ages 45-64 the excess was over 51,000, but after 65 it dropped to 2,000.

## Boy Collects for Offer Made in 1886

CHICAGO—A Muskegon (Mich.) boy, David Pyle, 9, came to Chicago recently to collect a one-dollar reward for finding in Lake Michigan a bottle which had bobbed in its waters for nearly 70 years.

Back in 1886, the Chicago Drainage and Water Supply System used bottles, tossed into the lake and containing post cards, to trace the lake's currents. Finders of the corked bottles were asked to mail back the post cards, thus giving city officials a clue to the currents. Finders were promised a dollar reward.

Although David's find was many years late—the offer expired January 1, 1897—City officials decided to reward him. They invited the boy and his parents, Don and Jean Pyle, for the presentation.

## Lost Hunter's Signal Brings but Question

BAYFIELD, Wis.—Raymond Sales, a deer hunter from Chicago, underwent a hunting experience that has probably happened to many nimrods.

It was getting dark, and Sales decided to leave his 14-point buck and set out for camp.

He fell over logs, slipped over rocks and finally decided he was lost. He signaled his distress with shots from his rifle. In the distance the signal was returned.

He started toward the sound and kept shooting. Each time his signal was answered. Finally he saw a form coming toward him. Thinking he was in camp, he shouted "Where are the cabins?"

"You mean you are lost, too?" a voice asked.

## For Bed Smokers

VICTORIA, B. C.—A man who likes to smoke in bed says he has figured out for bed-smokers a system that does away with the fire hazard.

J. Henry Michaud says his invention is an aluminum tube with holes in the sides which screws into a cigarette holder. No ash can escape, he says.

He got the idea recently in a hospital, where nurses were "always raising heck with me for smoking in bed," he explains.

## LEGAL NOTICES

### NOTICE OF ELECTION FOR MEMBERS OF THE SCHOOL BOARD OF SCHOOL DISTRICT 117, LAKE COUNTY, ILLINOIS

# Looks like Buick's Biggest Year

It's been happening week after week.

More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. *More people than ever before in our history.*

That's why you see so many new Buicks on the road today. And that's why—to meet this unprecedented popularity—Buick production has been boosted to the highest levels of all time.

### Buick Sales Are Soaring

The simple measure of it all is this: Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars. And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high—Buick

interiors never so rich—Buick's great ride never so satin-smooth and steady,

But there's something else, too—something vastly different and exciting.

*Never before was there any motoring thrill like the thrill you get from Buick's spectacular new Variable Pitch Dynaflo.\**

It lets you do what a pilot does—switch the pitch of your driving propellers—one way for gas saving in cruising—another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflo unit, spinning in oil. You change their pitch merely by pressure

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

on the gas pedal. *You* get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder—when you see our price tags—that more and more people can afford the price of a new Buick.

*For all the way up the line—from the budget-priced SPECIAL to the custom-built ROADMASTER—each Buick is a stand-out buy in its field.*

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history?

## Thrill of the year is Buick

## Building Renewed On Second Largest Church in U. S.

WASHINGTON—Construction of the second largest church in the United States is going forward again after a lapse of more than two decades.

The National Shrine of the Immaculate Conception will rise on Catholic University's wooded campus in northeast Washington. The crypt, containing a central altar and 15 chapels, was completed in 1931. Depression, wartime materials scarcities and the demands of other Catholic building programs delayed work on the upper church.

The shrine's 77,550 square-foot area will rank it among the largest religious edifices in the world. In the United States, it will be surpassed only by New York's Protestant Episcopal Cathedral of St. John the Divine with 109,082 square feet. The shrine will cover 2,500 more square feet than Washington's Protestant Episcopal Cathedral, now abuilding.

Churches with considerably greater floor space than the shrine include the domed Renaissance Cathedral of St. Peter's in Rome, the world's largest place of worship, and the many pinnacled Gothic Cathedrals of Seville, Milan and Liverpool.

Unlike the medieval cathedrals, which required centuries of work, the shrine's superstructure is expected to be completed in five years. But as in the case of age-old edifices of Europe, Washington's shrine will be built entirely of masonry, with no steel beams.

The lofty limestone structure, accommodating 6,000 worshippers, will be cruciform in floor plan, Byzantine-Romanesque in style. The facade will display statues of Church figures especially connected with devotions to the Virgin Mary.

## Women Job-Seekers Want Pension Base

MINNEAPOLIS — Attracted by the bargains 1954 offered in Social Security, middle-aged and elderly women are beginning to enter the employment market seeking to establish a federal pension base. So reports the family economics bureau of a national life insurance company which has made a survey of public and private employment agencies.

Generally rather difficult to place because of their age, many of the women want only part-time work, for a long enough period to qualify. This can be as little as one and a half years under current Social Security requirements. Some of the women have husbands already qualified under Social Security, but are desirous of having two separate retirement incomes instead of one and a half times the husbands Social Security pension as provided for a couple where only the husband is qualified.

The new trend is most noticeable in eastern, central and mid-western cities, the survey finds, where a majority of the employment agencies reporting in the survey have observed it to some degree.

## Moscow Warns About Smoking by Kiddies

LONDON—Nobody has a corner on juvenile problems, it seems. Radio Moscow recently urged the home folks to keep cigarettes out of the hands of kiddies.

In a program beamed to central Asia and picked up here in London, a speaker said:

"Russian children often spend their luncheon money on a cigarette, which they smoke in secret and therefore in a hurry.

"One should convince children that smoke is bad for them. Direct prohibition will not help. The example set by parents is most important. Engaging in sport is a good antidote. After all, good athletes do not smoke."

## Police Halt Attempt For 4-Minute Mile

RIVERHEAD, N. Y.—There's no law against trying to break the "4-minute mile" if you do it in the usual fashion but Charlie Grogan went to jail for his attempt to best the 3:58 mile run by John Landy.

Grogan was captured by police as he went whizzing down the main street in his underwear, wearing a bar chili marked "No. 4" taped to his back.

Friends explained to police that he had been lamenting over a few beers because no American had ever matched Landy's feat.

Hens More Efficient  
CHRISTCHURCH, New Zealand—George McMillan, who spent three weeks trying to hatch a batch of eggs, finally quit and conceded hens are more efficient.

The 50-year-old sausage linker had been roosting 30 feet up a pine tree with six eggs strapped to his chest. Three got broken and the rest failed to hatch.

The stunt helped raise \$3,069 for a sailing club.

## LEGAL NOTICE OF SPECIAL ELECTION

School District Number 35,  
Lake County, Illinois

NOTICE is hereby given that on Saturday, the 9th day of April, 1955, a special election will be held in and for School District Number 35, Lake County, Illinois, for the purpose of voting upon the following propositions:

1. Shall the Board of Directors of the School Directors of District Number 35, County of Lake, and State of Illinois, issue bonds of said School District to the amount of \$15,000, for the purpose of improving the existing schoolhouse site now owned and used by said District for school purposes and commonly known as the "Channel Lake Schoolhouse Site," by acquiring additional land lying adjacent and contiguous thereto, said bonds to become due \$1,000 on January 1

of each of the years 1958 to 1961, inclusive, \$2,000 on January 1 of each of the years 1962 to 1965, inclusive, and \$3,000 on January 1, 1966, and to bear interest at the rate of not to exceed three and one-fourth per cent (3 1/4%) per annum, payable on January 1, 1957 and semi-annually thereafter?

2. Shall the Board of Directors of the School Directors of District Number 35, County of Lake and State of Illinois, build an addition to the present school building now owned and used by said District for school purposes and commonly known as the "Channel Lake School Building"?

3. Shall the Board of Directors of the School Directors of District Number 35, County of Lake and State of Illinois, issue bonds of said School District to the amount of \$45,000, for the purpose of building an addition to the present school

building now owned and used by said District for school purposes and commonly known as the "Channel Lake School Building", said bonds to become due \$1,000 on January 1 of each of the years 1958 to 1965, inclusive, \$5,000 on January 1, 1966, and \$8,000 on January 1 of each of the years 1967 to 1970, inclusive, and to bear interest at the rate of not to exceed three and one-fourth per cent (3 1/4%) per annum, payable on January 1, 1957 and semi-annually thereafter?

That for the purpose of said election said entire School District constitutes a single election precinct and the polling place designated for said election is as follows:

Channel Lake Elementary School, located on Lake Avenue, in the unincorporated area commonly known as Channel Lake, Illinois, within the School District.

The polls at said election will be opened at twelve o'clock noon and will be closed at seven o'clock P. M. on said day.

By order of the Board of Directors of the School Directors of District Number 35, County of Lake and State of Illinois.

DATED this 22nd day of March,

1955.

Vern E. Heath  
President of the Board of Directors of the School Directors of District Number 35, County of Lake and State of Illinois.

## Space Platform Would Cripple Defense Efforts

ANN ARBOR, Michigan—A University of Michigan guided missile expert has warned that proposed plans to establish a "space platform" 1,000 miles above the earth would cripple the national defense effort.

During a radio interview, Prof. Harry H. Goode, director of the University's Willow Run Research Center, cautioned against an all-out program to build the man-made satellite. He underscored the "staggering cost" in dollars and scientific manpower required for the project, now being advocated by space travel proponents.

The technical problems involved can be solved, he said, but in an all-out effort this would be only at the expense of about four billion dollars a year for ten to 15 years.

Space platform backers feel the satellite would serve as an observation post over the entire world and as the essential jumping-off place for interplanetary journeys. At an altitude of 1,000 miles, the "man-made moon" would circle the earth at about 16,000 miles per hour. It would coast in the frictionless air continuously held from flying off into space by the pull of the earth's gravity.

Professor Goode said development of the Platform would call for the efforts of between 4,000 and 40,000 persons, half of them highly-skilled technicians needed in present defense work.

This demand for experts from such fields as electronics, guided missiles, nuclear research, infrared spectrometry, optics and many others would drain the nation of scientific ability, he warned.

"The satellite is possible," he said. "But personally I don't think we want to run the risk—as a nation in a hostile world—of falling behind in the vital fields of nuclear weapons, aircraft and missile development."

## Plant for Blind Sorts Small Parts

GRIFFIN, Ga.—The Griffin, Ga., plant for sightless workers has renewed its contract with Lockheed Aircraft Corporation for a 12-month period, says Vaughn Terrell, superintendent of Georgia's factories for the blind.

The blind workers attracted world-wide attention in December,

1953, when they successfully won their first contract with the aircraft factory to sort for re-use the small aircraft parts used in manufacture of B-47 jet bombers and the Lockheed C-130 Hercules turbo-prop military transport.

The unique project saves for re-use 60 per cent or more of the miscellaneous small parts—rivets, nuts, bolts, fittings, screws and other hardware—which become "mixed" during the production of military aircraft at Lockheed's Marietta plant. The remarkable sense of touch of the blind workers enables them to sort the parts rapidly and accurately.

## Austria Prints Stamps For 'Bogus' Country

VIENNA—The Austrian State Printing Office has been unintentionally producing postage stamps for a non-existent island republic, it was learned recently.

Vienna newspapers said the printing shop received an order last year for the stamps from a man who declared himself as a representative of the state of "Maluka Selatan."

The state supposedly was to comprise the two Indonesian islands of Ambolna and Ceram, said to be planning to split off from the Indonesian Republic.

The newspapers said Austria printed and delivered to the "representative" in New York about 45 sets of the stamps, mostly showing equatorial flora and fauna. Although not catalogued, the stamps brought good prices in the United States.

## Telephone Meter Tells User Cost of Calls

FRANKFURT — West German postal authorities recently brought out an automatic telephone meter that tells the subscriber how much—unofficially—his calls cost.

Each meter has an indicator which moves one dot for local calls, priced at 16 pfennigs (6.4 cents), and for long-distance calls moves as many dots as the caller uses 16-pfennig units.

The meters come in two forms. One is the size of a watch and is fitted into the telephone. The other, a small box, is installed beside it.

## Duck Hunters' Dam

HOLDREGE, Neb.—A group of duck hunters refused to be outdone when a sudden channel shift left high and dry a blind they had built on the Platte River.

The hunters, rather than move the elaborate blind, went to work with sandbags, dammed up the river flow and sent the water past the blind again.

Eyes on Goal  
Successful is the man who goes

straight forward—with an aim on  
only what is right.

## ELECTION NOTICE

For Board of Education of School District No. 33. Notice is hereby given that on Saturday, the 9th day of April, 1955, an Election will be held at the Emmons school in school district No. 33, County of Lake and State of Illinois, for the purpose of electing one member of the School Board of said District for the full term. Also, one member of the School Board to fill vacancy for one year.

For the purpose of this election said School District shall constitute a single election precinct and the

polling place is established at the Emmons school, Antioch, Illinois.

The polls will be opened at 12:00 noon and close at 5 p. m. of the same day.

(A Caucus will be held at the polling place immediately before opening of the polls for the purpose of nominating a candidate for School Director).

By order of the School Board of said District, Dated this 24th day of March, 1955.

William C. Hansen, President  
Attest: Gertrude Good, Secretary.

## PLYMOUTH WINS

FOR 1955 STYLING  
OVER "OTHER 2" LOW-PRICE CARS  
BY VOTE OF ALMOST 4 TO 1

THOUSANDS PREFER PLYMOUTH'S  
STYLING IN NATION-WIDE SURVEY!

A well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of '55 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

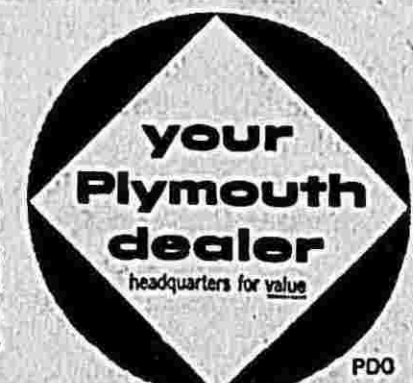

Best buy now;  
better trade-in, too!

## HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH!

Compared with low-price car "A"	Compared with low-price car "B"
Plymouth is better looking 62%	Plymouth is better looking 66%
Car "A" is better looking 16%	Car "B" is better looking 17%
Almost 4 to 1 in Plymouth's favor!	Again, almost 4 to 1 for Plymouth!
(22% liked "both about the same")	(17% liked "both about the same")

## HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!

Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (longer than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!

Yes, the big swing is to Plymouth—See it today—drive it away!

## LAKE VILLA

Mrs. Oliver Walker entertained a number of friends and relatives at a party at her home last Saturday afternoon and evening in celebration of her daughter Karen's third birthday. Guests were present from Libertyville, Des Plaines, Antioch, Gurnee and Lake Villa.

James and Bob Hamlin, students at St. Bede's Academy at Peru, Ill., spent the week end with their parents the Clayton Hamlin and Lester Hamlin families.

Mr. and Mrs. Henry Nader spent Sunday with relatives at Milwaukee. Mrs. Windsor Dalgaard entertained a group of boys at her home on Sunday afternoon at a party in honor of her son, Windsor, Jr., birthday.

The Woman's Society of Christian Service Circle No. 1 will meet Wednesday, April 6 at the Conservation School and Mrs. Gertrude Blust and Mrs. Marie Hamlin will be the hostesses for the quarterly pot luck dinner honoring the January, February and March birthdays of members and friends. All are welcome.

Mrs. Helen Weber has arrived home from an extended trip with friends, which included the West Indies, Porto Rico, Antigua, Martinique, Virgin Islands, Trinidad, Venezuela, Dominican Republic, Haiti and many other interesting places, and was gone two months. On Sunday her sister, Mrs. George Mitchell and husband of Evanston, Mr. and Mrs. Ray Kerr and Mrs. Milligan and the Duke Weber family were dinner guests at her home.

Miss Charlotte Beelow of Antioch was honored at a surprise bridal shower last Sunday afternoon at the recreation room of the fire station, which was sponsored by her bridesmaids for the wedding to Ronald Nickerson on Friday evening. Misses Sylvia Beelow, Sharon Gray and Marge Matteoni. She received many beautiful gifts for use in her home.

## Lake Villa Library News

Come visit your library. Hours are 1 to 5 on Monday; 1 to 5 and 7 to 9 on Tuesdays, Thursdays and Fridays, and on Saturdays from 10 to 12 and from 1 to 5 p. m.

The Lake Villa Township Library has received 150 new Junior books from the State library. Pearl Buck's "My Several Worlds" has been presented to the library in memory of Mrs. Oscar (Virginia) Herbst by Mrs. Mariann Hedberg and sons. "My Several Worlds," subtitled "A Personal Record" is a very special type of biography of a beloved author, the book is personal in the sense of being a record of what her very seeing eyes saw and what her heart understood in the several worlds in which she lived. It is not personal in the sense of being directly self-revealing.

Pearl Buck has a genius for making readers know human beings, and she has used that genius well in "My Several Worlds." Not only the Chinese, but all Asia is portrayed beautifully in this book.

Harry Grossett's "Down to the Ships in the Sea" has been given to the library in memory of Carl Anderson by Mr. and Mrs. Harold McCord and family. Grossett, author and family. Harry Grossett, author of "Down to the Ships in the Sea," born in Scotland, is the son and grandson of divers. He is probably the most experienced deep-sea diver in the world. During his career, he has been at the bottom of most of the seven seas. The author in the book reveals the principles and practices of deep-sea diving and shows how they have developed during the last fifty years. He discusses how modern innovations like armored diving dress, television and aqua lung may affect diving. Full of adventures, yet more than a personal adventure story, his book may well become a classic account of one of the world's most hazardous and exciting occupations.

**Lake Villa Cancer Drive**  
Chairmen Named  
Mrs. John Perry, Grand Avenue, will head the American Cancer society's April Crusade for funds, it was announced by Dr. Martin T. Leffler, Lake County chairman of the campaign and Mrs. John Brandt, Venetian Village, will be Mrs. Perry's co-chairman.

Mrs. Perry announced that Lake Villa's goal has been set at \$350.00. This represents the local share of the national goal which has been increased from 20 million dollars to 24 millions.

"Our population is growing older, people are living longer, and as a result the incidence of cancer cases in the United States is rising," Mrs. Perry explained. "More and more men and women are entering the age group most susceptible to that disease. Hence the Cancer Society must intensify its nationwide program of service to patients, sponsoring of research towards finding new methods of cure, and educating the public in ways to detect evidence of cancer early enough to enable effective treatment."

"Lives saved in this country last year through early detection of such cases, and prompt medical attention totalled 75,000. But twice as many could have been saved if treatment could have been begun in time."

All through April the volunteers serving the Cancer Society not only will gather funds but will carry on a systematic campaign of education through widespread distribution of literature on the subject, information given orally at the American Cancer Society local unit's headquarters at 8 S. County st. in Waukegan, and by free showing of

colorful and illuminating motion pictures.

"By giving generously to the Cancer Crusade in April," Mrs. Perry added, "the citizens of Lake Villa can play a commendable part in the unceasing battle to conquer."

## Lake Villa Woman's Club

"The Vogue Style Show" presented by the Lake Villa Woman's Club at the Lake Villa grade school gym on Wednesday evening, March 16 was a successful and very interesting event. The stage was beautifully decorated with yellow daffodils and pink geraniums. The sketches of fashions by Amy Prossie added a touch of spring style.

The latest spring fashions in women's, teen-agers and children's clothes, were shown through the courtesy of Marianne of Antioch, modeled by local girls. Music through the courtesy of Mrs. Joan Schlegel and Mrs. Elsie Midgley both at the solovox. Movies were shown of "Foundations by Warner's," and the skit, "Hats" by Emma Williamson and Shirley Nader, and "Uncle Cyrus at the Movies" by Carol Effinger, Nell Reidel and Bob Mathews were especially enjoyed. Almost everyone toured the bake sale booth. The Easter hat donated by Marianne was given to Miss Sanders of Deep Lake.

Following the show, guests were

served tea from an attractively decorated table. Much credit and thanks go to all members for their untiring efforts in organizing and promoting this show, also to the Pine Tree Manor florist, the Meadowgold Dairy products, the Lake Villa school and Marianne.

## DEEP LAKE NEWS

The regular meeting of the Deep Lake Women's Auxiliary was held Friday, March 18, at the home of Lois Olsen, 1st Ave.

A dinner dance sponsored by the Women's Auxiliary will be held at Henning Johnson's Resort April 23. Tickets are now available.

Mr. and Mrs. Ronald Clausen of 3rd Ave., are proud parents of a baby boy.

A birthday lunch in honor of Violet Winstead was held at the home of Lu Stollenwerk March 10th. Also present were Myrtle Weismantel, Marion Grimson and Bunny Sanders.

A birthday lunch in honor of Bunny Sanders was held at the home of Myrtle Weismantel, Mar. 16. Lu Stollenwerk, Marion Grimson and Violet Winstead were also present.

Mr. and Mrs. Frank Luehr of 2nd Ave. have returned to Deep Lake happy to be home after an enjoyable

trip south.

The body of Eric Foust who has been missing since last December 1 was recovered from the east shore of Deep Lake Sunday, March 20.

Short courses for training firemen originated in 1925 at the University of Illinois and now are held in many states.

Prejudice has always been the greatest obstacle to progress.

...  
All habits are stepping stones—some lead up, others down.

ELECT

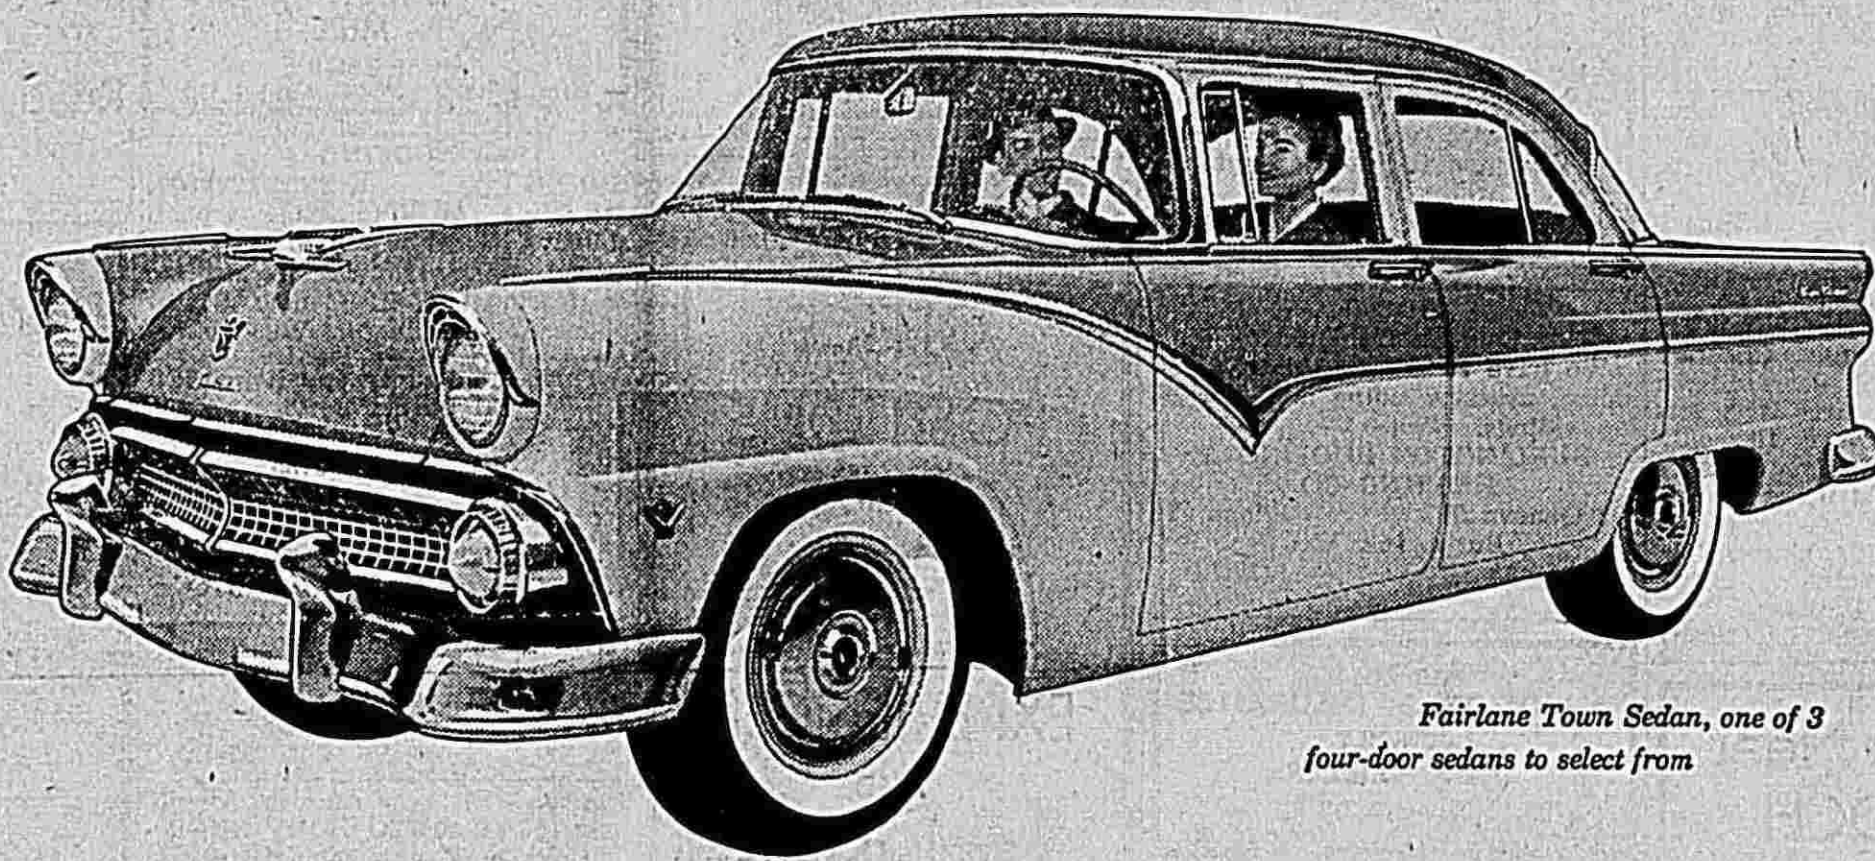

# HENRY "HANK" PALM HIGHWAY COMMISSIONER

ANTIOCH TOWNSHIP

- Taxpayer—
- 8 Years continuous experience in road work under Bob Webb, former Highway Commissioner.
- Experienced with motor equipment.
- Business experience.

ELECTION TUESDAY, APRIL 5, 1955

Fairlane Town Sedan, one of 3  
four-door sedans to select from

## Automatically your best buy!

Ford's five power assists combine to give you more added convenience and extra driving ease than you can get in any other car in Ford's field!

It's great fun to step into a Ford's rich, colorful Luxury Lounge interior... to touch your toe to the gas pedal and feel the masterful might of Trigger-Torque power responding instantly to your every wish. It's fun too, to bask in the admiration aroused everywhere by Ford's Thunderbird-inspired styling.

But, for the ultimate in driving fun and ease, you should try a Ford with Ford's optional power assists: new Speed-Trigger Fordomatic, power steering, brakes, windows and seat. Ford brings you the power assists that combine to do the most for you automatically... so you get the most out of your daily driving!

## Automatic Driving at its Best

Speed-Trigger Fordomatic Drive has a new, automatic low gear which lets you start in low, shift to intermediate and then into high—all automatically—all while the selector lever is in drive position. It's the only "automatic" in its field that combines the smoothness of a fluid torque converter with the versatility of three automatic forward gears.

## Power to Steer For You

Master-Guide Power Steering does up to 75% of the steering work for you on turns... yet you retain the natural feel of the wheel on straightaways. It's a great help when parking—makes all driving easier and more relaxing.

## Power to Apply Your Brakes

Ford's Swift Sure Power Brakes do up to one-third of the stopping work for you. And there's built-in safety. With power off, you stop your car as easily as though your Ford were equipped with the standard braking system.

## Power to Adjust Your Seat

Ford's 4-Way Power Seat is the only power seat in Ford's field that adjusts "up and down" as well as "forward and back" for most comfortable driving positions. A touch of the conveniently located single seat control does it!

## Power to Lift Your Windows

With Ford Power-Lift Windows you don't need to stop in order to open or close all side windows. Driver can operate all four windows from the master control. And each passenger has a separate control switch for his own window.

And there's Trigger-Torque power to give you more "Go"

## A PRIMER FOR PARENTS

*Dedicated To The Happiness And Wellbeing Of Their Children*

What causes waywardness in children? Excess energy directed into wrong channels.

What's the antidote? Constructive activity and wholesome companionship.

What is music's record in preventing juvenile waywardness? Let the facts speak for themselves: Of the 30,000 children given musical training in New York's Music School Settlement, not one has ever been in court for delinquency!

Your Child Deserves The BEST—  
Take Advantage of this SPECIAL Today!

For Only \$2.00 Per Week—  
YOUR CHILD RECEIVES 10 ½-HOUR PRIVATE LESSONS UNDER DEGREEED TEACHERS ON THE ACCORDION GUITAR, PIANO or TRUMPET

## Question Relics Left in America By Norse Settlers

WASHINGTON—All the accumulating evidence of Norse settlers in North America before Columbus is highly questionable, says Dr. Johannes Bronsted, director of the Danish National Museum at Copenhagen.

The Icelandic sagas leave no doubt, he says, that several Viking expeditions from Greenland landed on the Atlantic coast, and it is not improbable that some settled there or wandered away among the Indians. But they left very doubtful physical evidence, if any. All efforts to determine the sites of Vinland, Markland, etc., mentioned in the sagas from hints in the texts have proved fruitless.

Three major bits of evidence have been presented. First is the so-called Beadmore find—a rusted fragment of an iron sword and two other iron objects found near Toronto and now in the Royal Ontario Museum. These are genuine Viking objects but the question is how they happened to be where they were discovered in 1830.

Second is the Newport Tower, picturesque ruin of a small cylindrical stone tower near Newport, R. I. It has the appearance of a medieval structure and has been studied over and over again.

Third is the so-called Kensington Stone, a stone slab found near Kensington, Minn., which bears a lengthy runic description, allegedly telling the fate of a party of Norse explorers expecting destruction from hostile Indians. It bears the date "1362."

The question of possible "fraud" where the sword and stone are concerned make their value doubtful, says Dr. Bronsted.

## Fewer Marriages Took Place in 1954

NEW YORK—There were fewer marriages in the United States during 1954 says the Metropolitan Life Insurance Company, which reports 1,484,000 knots tied during the year, about 60,000 fewer than in 1953.

The marriage rate for 1954 was 9.1 per 1,000 population (including the Armed Forces overseas), a decline of six per cent from the 9.7 rate for 1953, and the lowest point in two decades.

Except for a moderate upswing during 1950 following the outbreak

of hostilities in Korea, the trend of the marriage rate has been downward since its all-time peak of 16.2 per 1,000 in 1946, a year in which there were 2,201,000 marriages.

The statisticians observe that there isn't much likelihood of any appreciable upswing until after 1960. By that time an increasing number of young people will be attaining marriageable age, reflecting the upward trend in births during the 1940's.

## High School Biology Made More Interesting

CHICAGO—High school biology promises to be more interesting from now on. And teachers say the students will learn a great deal more about the relationships of animals to the world they live in and to man himself.

The new development consists of three just-published booklets on the earthworm, the frog and the human. Outstanding feature of the booklets is a series of transparent plastic overlays showing a dissection of each animal in full color. The overlays permit the student to "take the animal apart" simply by turning the pages and, in the same way, to "put him together again."

The booklets, called Unit Texts, because each deals with a single animal, required an immense amount of original research and involved more than a hundred careful dissections. Thus, accuracy and natural color were achieved in the illustrations.

Biology is the most widely studied science in American high schools.

## Only Agitated Bees Sting, Says Expert

DENVER—Been stung by a bee lately?

It's your own fault if you have, says the head man of the Colorado Beekeepers Association. "A bee doesn't go out looking for trouble—he must be agitated to sting."

Eldridge Belt added however, "If you sometimes wonder why a bee suddenly stung you, he was probably agitated by someone else."

**Sure Identification**  
MIAMI BEACH, Fla.—A holdup man instructed his victim to "get a good look at me so you won't forget this face."  
The victim took a long look. Several hours later hotel clerk James Brown picked Benjamin W. Few out of a police line-up and officers charged Few with robbing the Scott Bryan Hotel of \$210.

The nation's first professor of city planning was named in 1912 at the University of Illinois.

More than 1,800 courses are offered at the University of Illinois.

# Most Powerful Car at its Price!

Come in and try the sensational performance  
of Pontiac's **200-HP Strato-Streak V-8!**

If all the talk about horsepower has left you confused, let this one simple fact set you straight.

Model for model, the sensational new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any car in its field.

And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or the regular 180-horsepower Strato-Streak V-8.

The Strato-Streak V-8, part and parcel of every Pontiac, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide fine-car comfort and handling.

Come in at your first opportunity and road-test Pontiac's spectacular Strato-Streak V-8 performance and you'll quickly see why sales are now at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low . . . and you'll go
